Future Electronics and President Robert Miller Congratulate Guy Charbonneau on 30 Year Anniversary

The Office of the President, Robert Miller, and Future Electronics recently recognized Guy Charbonneau on the 30th anniversary.

Online PR News - 16-February-2017 - Future Electronics is a global leading distributor of electronic components with corporate headquarters in Montreal, Quebec.

The company's President, Robert Miller, recently congratulated Guy Charbonneau for his 30th anniversary of employment with the organization.

Mr. Charbonneau started with Future Electronics on January 22, 1987, and currently holds a position with DC Quality Control, in Canadian Cross-Dock Operation at the company's Distribution Center.

The Founder and President of Future Electronics, Robert Miller, often refers to employees as being "the company's greatest asset." The company places a high value on the dedication of its employees, and milestone anniversaries are recognized with personalized cards, plaques, free meal vouchers, and other gifts based on their length of tenure.

About Future Electronics

Future Electronics is a global leader in electronics distribution, ranking 3rd in component sales worldwide, with an impressive reputation for developing efficient, comprehensive global supply chain solutions. Founded in 1968 by President Robert Miller, the company has established itself as one of the most innovative organizations in the industry today, with 5,000 employees in 169 offices in 44 countries around the world. Future Electronics is globally integrated, with one worldwide IT infrastructure providing real-time inventory availability and access, while enabling full integration of its operations, sales and marketing worldwide. Offering the highest level of service, the most advanced engineering capabilities and technical solutions through all stages of the design-production cycle, and the largest available-to-sell inventory in the world, Future's mission is always to Delight the Customer.
