

[Future Electronics Holds Advanced Engineering University Training Event](#)

Future Electronics recently held another successful Advanced Engineering University training event at the company's corporate headquarters in Montreal.

Online PR News â€“ 28-November-2017â€“ Future Electronics, a global leading distributor of electronic components, recently held its annual Advanced Engineering University event at the company's corporate headquarters in Montreal from November 2-10, 2017.

Â

Future Electronics' Advanced Engineering University (AEU) brings individual regions of the company's Advanced Engineers from all around the world to the company's corporate headquarters to attend an 8-day informative training event. The event includes seminars presented by leading suppliers, covering the latest technology and industry innovations.

Â

Platinum sponsors for this year's AEU were Infineon, Lumileds, Microchip, NXP, Renesas, and STMicroelectronics, with keynote speakers featured from each company.
