Introduction of 2011 Chevrolet Tahoe 1500 :

Few SUVs since the mid-1990s have been as popular as the Chevrolet Tahoe. The capable and fuel-efficient Chevrolet Tahoe has the power to handle the demands of the road and the interior amenities to make you feel right at home. Whether it's a trip to the lake with the boat or a winter destination with snowmobiles, Tahoe is the ideal family companion. The Tahoe has impressively matched the wants and needs of large American families with room for up to nine passengers. Chevy described the Tahoe as a "rugged, multipurpose family vehicle that's at home on and off the road". The Chevrolet Tahoe is a traditional full-size SUV. The Chevy Tahoe is a capable and comfortable performer with an impressive interior. The cabin's design is classy with high-quality materials. One of the Tahoe's advantages is the ability to accommodate nine occupants with plenty of room to stretch out and the ride quality is comfortable.
