

[Calsoft to attend Cisco Live in Florida](#)

Calsoft, an ISV preferred product engineering services partner in Storage, Networking, Virtualization, Cloud, IoT & analytics domains will be attending Cisco Live.

Online PR News "06-June-2018" June 2018 " San Jose, California - Calsoft, an ISV preferred product engineering services partner in Storage, Networking, Virtualization, Cloud, IoT and analytics domains will be attending the CISCO Live that will be held at Orlando FL from the 11th to 14th of June 2018. The event is expected to witness a footfall of 25000 delegates who will network and share experiences amongst themselves across the span of 4 days. Cisco Live will essentially entail free certifications onsite, facilitating hands-on with APIs available for Cisco products while also providing more than 1000 sessions to choose from and manage schedules.

Â

Calsoft's executive team including COO, Parag Kulkarni and VP Sales, Sai Yendluri will be in attendance at the event. While talking about Cisco Live Parag stated "Cisco Live is an imperative event for the technical/networking world as every year it is known to present ground breaking technologies that if adopted and implemented, will have massive impacts on driving operational efficiency across businesses. This year autonomy and automation are expected to come of age. We are excited to meet all key Datacenter, Cloud and Networking stakeholders at the event and converse over these philosophies while nurturing our working liaisons".

Â

With a showcase of big collection of solution demos spanning multiple architectures including UCS, ACI, Tetration Analytics, CNAE, tech-partner ecosystem solutions, security etc., Cisco Live will surely be one of the most sought after events of the year. We look forward to discussing our recent work in the Cloud, SDN and NFV space and how we are enabling ISV's achieve spearheaded Datacenter transformation globally.

Â
