

## [New The Dragon's Fyre Web Site Launched](#)

*Mach 1 Web Design, a small business web design company, is proud to announce the launch of a brand new website for the Dragons Fyre Jet Truck.*

Online PR News "18-February-2012" Lake Zurich, IL, February 17, 2012 - Mach 1 Web Design, a small business web design company, is proud to announce the launch of a brand new website for the Dragons Fyre Jet Truck.

Â

The Dragon's Fyre is a Twin Lakes, Wisconsin based Jet Exhibition team whose sole purpose is to produce a mind-blowing experience for their fans with their custom jet-powered 1940 Ford pick-up truck. Even though David Modder, the Owner/Driver of Dragon's Fyre, and his team, are not in the jet exhibition business for fame, Dave's famous truck has been featured on ESPN, Fox Sports, Hot Rod Magazine and IHRA Drag Review, just to name a few TV and print media. Dave and his team are still seeking additional sponsors so if you are interested in promoting your business with the team, get in contact with them today!

Â

If you ever wanted to see a fire-breathing one-of-a-kind Ford truck with a General Electric J-85 jet engine with an afterburner, you are in luck: Dave has just announced an exciting Summer 2012 Event Schedule! Team Dragon's Fyre will be making a lot of noise, and a showing off a very fast moving red object. The meticulously maintained and shiny 6000-lbs-of-thrust Ford truck will be blasting down a track near you soon. The Jet Truck has scheduled appearances at the Nostalgia Nationals in Cordova, Illinois and will also be wowing crowds all over the midwest! An up to date schedule is available online at <http://thedragonsfyre.com/events.html>.

Â

If you are interested in a great looking website as a small business owner, Mach 1 Web Design offers reasonably priced web design packages, as well as web hosting and webmaster services. If you are interested in improving your small business' marketing clout visit Mach 1 Web Design at <http://mach1webdesign.com/>.
