

[Dr Hunter to Explain Spinal Stenosis on Chek TV](#)

An experienced chiropractor Dr Richard Hunter, latest to feature chiropractic details of Spinal Stenosis and other spine related problems on Thursday, May 31st at 7:00 pm on Chek TV.

Online PR News â€“ 30-May-2012 â€“ Vancouver, BC: Chiropractic experts will be live on Chek TV for the masses in discussion for spine and nerve related problems along with the chiropractic treatment. This can be expected from the health series Empowered Health to be aired on Chek TV featuring Dr Richard Hunter who will explain major reasons, causes, symptoms and chiropractic treatments of Spinal Stenosis this Thursday, May 31st at 7:00 pm.

Â

Chiropractic treatment differs from medicine in several ways and nothing could be best than a TV health & wellness program to persuade the masses about chiropractic treatment through excellent clinical results and report findings.

Â

Know more about the show.

Â

Theme

Â

The show will be divided in multiple segments emphasizing what happens when one face certain spine, back and nerve related problems like Spinal Stenosis and so on. Problems in one part of the body can cause pain somewhere else also. With different approach of the chiropractic expert youll be able to understand about the useful role and benefits of chiropractic care.

Â

Non-invasive treatment

Â

The volume of spinal canal decreases with age and the size of canal and spinal cord also differ from one person to another which means risk factors also vary. Through this show, one will come to know the details of anatomy of the spinal canal, symptoms, testing for diagnosis, non-invasive chiropractic treatment and precautions of spinal stenosis and other nerve related problems.

Â

About Dr Richard Hunter

Â

One of the two followers and experienced chiropractors working in Vancouver Spine Care Centre is Dr Richard Hunter. Dr. Dean Greenwood is another founder of the clinic, featured on May 10th Empowered Health series episode.

Â

With 29 years of full-time experience, Dr. Richard Hunter has been working with the objective to offer efficient solutions for lower back pain, headaches, neck pain and other nerve related conditions in Vancouver. What make chiropractic unique are the efficient techniques the experts use for the management of the symptoms. Hell tell the viewers how techniques like Palmer Specific, Sacro-Occipital, Orthopedic Extremity Adjusting, Motion Palpation, Instrument Adjusting, and others work on different areas of pain.

Â
