

[Considering Laser Hair Removal? Your questions, and worries answered!](#)

*If you're looking into getting laser hair removal but have questions, let new website [Affordable-LaserHairRemoval.com](#) be your go-to source for all things laser hair removal.*

*Online PR News* "06-June-2012" If you choose to go down the laser hair removal route, the process typically begins with a consultation with a hair removal professional, which usually takes place several days or a week before your main procedure. Here, this expert performs a patch test on your skin to assess the possibility of allergic reaction, which can cause problems during treatment.

Â

Sometimes it is recommended that a topical anesthetic product be used before a laser hair removal procedure, to minimize pain...Those who decide to use a skin-numbing product should follow the directions of a health care provider and consider using a product that contains the lowest amount of anesthetic drugs possible. - Says the FDA's Consumer Update Website.

Â
