

[SLEEK Surgical & MedSpa Opens State-of-the-Art Surgery Center](#)

New Boston Surgical Center Offers Innovative Vaser Shape Treatment

Online PR News " 13-June-2012 " SLEEK Surgical & MedSpa, one of the nation's leading providers of cosmetic surgery procedures and advanced sculpted body and facial rejuvenation services has announced the opening of a new Surgical Center in Boston.

Â

Â

The state-of-the-art SLEEK Surgical Center is an outpatient facility for cosmetic surgery and will begin offering services July 1, 2012. Located at 1208B VFW Parkway; the facility occupies 12,500 square feet of space with advanced surgical technology, two operating suites and four procedure rooms. Outpatient plastic surgical procedures will be performed by Dr. Thomas Walek, a Board Certified Plastic Surgeon with expertise in body contouring.

Â

Â

The location is unique because it is one of few in the Boston area that offers the VASER Shape Treatment, a new non-surgical alternative to liposuction that works to effectively smooth and shape the body. VASER Shape uses a combination of ultrasonic therapy and massage to smooth, firm and shape the body by reducing the appearance of cellulite. The procedure targets problem areas and can help the body's metabolism by increasing blood circulation in the area being treated. It can also reduce the pain and swelling that occurs after liposuction and other surgical procedures.

Â

Â

SLEEK Surgical & MedSpa specializes in sculpted body and other treatments such as Tummy Tucks, Breast Augmentation, Non-Invasive Liposuction, Brow Lift, Rhinoplasty, Brazilian Butt Lift Surgery, Laser Hair Removal, Botox, Cosmetic Fillers, Accent XL Skin Tightening, Photo Facials, Tattoo Removal, SLEEK beauty products and more.

Â

Â
