Each blogger has a unique focus and point-of-view,

NewsBlaze.com contributor Liz Terek reviewed Diamond's story and had this to say about the book.

Â

As an adult, 'Shifting Pride' might not have been on my normal reading list, but Laura Diamond did a fantastic job of it. None of the shape shifting was too out of this world. She almost made it realistic which isn't always easy. For a great creative mind and a well done novel, I rate it as a 5 of 5 stars.

Since this is her first blog tour Diamond is looking forward to the journey.

Each blogger has a unique focus and point-of-view, Diamond observes. Some questions relate directly to my book and some not. Some are reviews and others share excerpts from my book, *Shifting Pride*. For me, it is a bit like speaking to a new book club each day. I'm having a blast preparing for my virtual trip!

The schedule of conversations is listed below and there is an opportunity for readers to win a free download of Diamond's novella, *New Pride*. Details are listed on each participating blog.

Some of the blog posts remain up for an extended period on the individual sites. Others posts are archived on the blog, but all of them will be available on Laura Diamond's website www.AuthorLauraDiamond.com after the tour.

Tour Dates are from December 3, 2012 through December 29, 2012 with time off over Christmas Eve and Christmas Day and Sundays. Please join us.
