

[Lowrys Pool Service Plus are Ready for Pool Installations in Halifax, NS and Area](#)

A new small business has sprung up in the Halifax Regional Municipality. Husband and wife team, James and Joann Lowry, have started Lowrys Pool Service Plus, a pool installation and service company. They have lived on the Eastern Shore of Nova Scotia for 22 years.

Online PR News "10-April-2013" Porters Lake, Nova Scotia

A new small business has sprung up in the Halifax Regional Municipality. Husband and wife team, James and Joann Lowry, have started Lowrys Pool Service Plus, a pool installation and service company. James and Joann have lived in Porters Lake on the beautiful Eastern Shore of Nova Scotia for 22 years.

Putting themselves to work was a huge decision, but after some serious thought, and some help from the Community Business Development Corporation office in Porters Lake, James and Joann are ready for business.

Working locally for the last 25+ years in the construction, pool and hot tub industry, James has the vast experience and knowledge required to properly install and service in-ground or above ground pools, from inception to completion. Those that already have a pool or hot tub, Lowrys Pool Service Plus offer service and repair ranging from fixing leaks to complete liner replacements.

Behind the scenes and on the phone is Joann, striving to get the business visible by tackling the world of online advertising and internet search engines. Old fashioned paperwork lands with her too.

Together they have plunged into self-employment and look forward to the future.
