Terrace set out with the simple ambition of playing pure dance music for the masses without pretention and without adhering to the short lived trends of the music scene. Taking inspiration from genres right across the board, Terraces main influences have been that of house, techno, Brit pop and ambient origin. As Far as the Night Can See is a mesmerising combination of everything thats influenced them over the years from the Smiths and Interpol to producers like Juan Atkins and Kevin Saunderson.

Â

Aint is the debut single from the album, a mesmerizing combination of indie-style vocals, pop-style synth, catchy beats and an all round dance vibe, Aint is a dance-inducing slice of dance-pop perfection. After playing venues such as the Avenue Theatre in Edmonton, Alberta, Vancouver Electric Owl and Canadian Music Week, Terrace are ready to break the worldwide dance-pop mould and As Far as the Night Can See is sure to get them there.

Â
