

[PrintPelican.com Offering 40 Percent Discount ON Newsletter Printing](#)

PrintPelican.com is offering 40% discount on newsletter printing services. The offer is valid for a limited period only.

Online PR News â€“ 21-October-2013â€“ Florida, USA, 21 October 2013 :PrintPelican.com, the leading online printing service provider is offering a massive discount of 40% on newsletter printing. The offer is valid for a limited period.

Â

PrintPelican.com is giving limited period discount of 40% on color newsletter printing to all our clients. There is no better way than an innovative newsletter to take your business to newer heights. They are one of the most effective print solutions that give information on latest products and happenings in the organization. It has become an important marketing tool in recent times. We offer customized printing solutions to our clients, said one of the company executives.

Â

PrintPelican.com offers the convenience of placing online order. Customers can make use of the online order facility and avoid visiting office. The company also has an online cost calculator which lets the client know about the total expenditure to be incurred on newsletter printing.

Â

We have recommended newsletter printing in two sizes and four color options. These will be printed in any of the four paper sheets offered by us. However, we also offer customized services to our clients. They can submit their own specifications while placing the order. Once the final template is ready, mail it back to our clients for final approval. The newsletter will be printed only after a nod from the client, added the executive.

Â

PrintPelican.com is not only known for newsletter printing but it also gives many other services. The company is very well known for 4 color digital printing of books and booklets. To have a look at their booklet printing services, [click here](#) .

Â
