

[BPM Wave International AG once again selected as Beacon Award Finalist](#)

at the IBM PartnerWorld Leadership Conference (PWLC) 2014

BPM Waves Plenary™ was recognized as a top business solution, grounded in best in class IBM BPM and Middleware technology

Online PR News “18-February-2014” BPM Wave was selected as a Beacon Award Finalist in the "Smarter Solutions / Outstanding Competitive Solution category, at the IBM PartnerWorld Leadership Conference (PWLC) 2014. The Beacon Awards recognize the best solutions IBM Business Partners have delivered to clients around the world, by using IBM products and services.

Â

BPM Wave received this recognition for the implementation of their Plenary™ decision management solution across Banking (Bendigo and Adelaide Bank Group), Aviation (Kuwait Airways Corporation) and Manufacturing (AEM Timisoara) sectors.

At Bendigo and Adelaide Bank, Plenary™ automates a group of strategic commercial banking process applications, including Credit card authorization, Deposit account openings and Mortgage discharge, to name some. At Kuwait Airways, Plenary™ was implemented as part of the Integrated Human Capital Management system for managing all its mission critical HR business processes. BPM Wave also implemented Plenary™ within the integrated information system for production planning and execution at AEM Timisoara. Plenary™ ensures wide spread corporate governance in the areas of greatest financial, operational and legal exposure by automating mission critical decision processes and offering full control and visibility into all decisions and stakeholders.

Â

We are very honoured to receive this distinction for Plenary™ and its application within such diverse organizations. It further illustrates the unique value of Plenary™ as an industry independent foundation for multi path, dynamic, rules intensive decision processes, while offering an advanced user experience, significantly enhanced end user manageability and a rapid deployment framework for scaling process applications within the enterprise, states Adela Cornescu, CEO of BPM Wave International AG.
