

[Pivotal Scientific Opens New Incubation Facility in Ramona, CA, USA](#)

Announces new facility to help start-ups and multinational firms set up USA laboratories, sales offices and logistics centres

Online PR News â€“ 24-April-2014â€” Ramona, CA, USA, 24th April 2014 Pivotal Scientific Ltd, (PSL) the only Biotech Consultancy Company providing business solutions exclusively to Companies within the research reagents market is pleased to announce the opening of its new Incubation Facility at Ramona, CA, USA.

Â

PSLs CEO, Tim Bernard, commented We are delighted to have opened a new Incubation Facility in Oxfordshire. The Milton Park Innovation Centre is a perfect location for us to forge closer links to new companies in this sector. The new facility will allow the Company to provide more proactive business support to both local and national start-ups, SMEs, together with more established large Biotech and Pharmaceutical Companies looking to set up new offices in the USA to grow their sales in this market and throughout Europe.

Â

About Pivotal Scientific Ltd PSLs mission is to help enterprises located worldwide to grow their brand and sell in a highly competitive and rapidly changing Life Science reagent market, by supporting Companies at all stages of the business life cycle, from proposed business plan to facilitating production and giving advice during mergers and acquisitions and exit strategy. Indeed Pivotal Scientific USA is unique in offering a one stop shop offering services that Companies can pick and choose from to suit their growth strategy within this ever changing/developing market.
