

[SOAIS organizes Classroom Training of Worksoft Certify for SAP](#)

SOAIS is organizing a Classroom Training of Worksoft Certify for SAP on June 2 -6, 2014 at Bangalore.

Online PR News "21-May-2014" SOAIS, a leading enterprise IT solutions provider, has announced that it is organizing a Classroom Training of Worksoft Certify for SAP on June 2 -6, 2014 at Bangalore. This is a beginners course in automated business process validation.

Worksoft Certify is the industrys top ranked software for SAP test automation. The training goals are for interested testing professionals to get the most out of Worksoft Certify test automation for SAP, both GUI and Portal. It will impart a detailed training on how to accelerate projects, increase quality, eliminate manual effort, and lower costs.

This small classroom approach is designed to provide a highly interactive training experience, which is optimal when learning a new product.

Click Here to download the agenda for five day training. In brief, it will cover:

The ins and outs of the Worksoft Certify architecture and user interface

How to define, develop and execute process automation in SAP GUI

How variables, layouts, and record sets are used in data-driven testing

How to get the most from various features of Worksoft Certify

To register, interested professionals can call at +91-988-671-3379/ +91-988-057-7658 or email at info@soais.com.
