

[Allergy Relief: Experts at Maximized Health Wellness Center Bring Hope to Allergy Sufferers.](#)

A new form of therapy called the BAX Aura is offering allergy and asthma sufferers new hope that life without symptoms and medications is possible.

Online PR News "05-August-2010" After completing advanced training in Atlanta, GA, Dr. Burns is now one of the few to offer a form of therapy that has many people talking. A new technology, called the BAX Aura, is revolutionizing the way he treats patients.

Â

Statistically, modern medicine is losing the war against chronic symptoms, like asthma, allergies, IBS, eczema, fatigue, insomnia, fibromyalgia and a host of others. Dr. Burns states, This new form of treatment is going to change everything about how we deal with symptoms and illness.

Â

In a day and age where people are losing faith in health care at large, Dr. Burns seems to be headed in a refreshingly different direction. Our approach combines time tested wisdom with new age technology. In doing so, I believe we have created the perfect platform for improving health and eliminating symptoms. The BAX Aura uses low level laser therapy in conjunction with homeopathy to provide a more comprehensive approach to symptom elimination.

Â

The BAX Aura allergy elimination system is so effective that Dr. Burns anticipates opening several new offices to meet the ever increasing demand. The best part is that this therapy is natural, holistic, safe for all ages, and highly effective. Patients love it because there are no shots, no medications and no risk of side effects. People are really excited about this, and we are busier than ever, says Dr. Burns.

Â

Conveniently located just South of Denver, Dr. Burns has built a reputation as one of Colorados most respected health care advisors. By remaining on the cutting edge of health care he has crafted a fully functioning wellness center with an impeccable reputation. The Clinic offers wellness care, injury care, and symptom elimination care. By offering a broad spectrum of services including chiropractic, nutrition, physiotherapy, laser treatment, homeopathy, and more, you will be hard pressed to find a doctors office of the same caliber.
