EzPaycheck payroll software makes it easy to handle employee shift rate for manufacturers

Form printing and tax calculation made easy for manufacturers when employers use ezPaycheck payroll software. Please visit www.halfpricesoft.com for details.

Online PR News "10-January-2015" Payroll tax processing is important for any businesses. Halfpricesoft.com released the new 2015 edition payroll software with tax updated federal and state tax tables. It also includes the latest tax form 941, 940, W2 and W3 for this busy tax season.

Â

Priced at \$89 per year per installation, ezPaycheck payroll software is affordable to any businesses. Halfpricesoft.com also announced 2014 and 2015 special bundle offer at just \$99 (a savings of \$70!) to companies who has not completed last years payroll tasks.

Â

In response to customers request, ezPaycheck 2015 payroll system edition was enhanced with new features to meet the special needs of manufactures:

Â

It can handle the payroll checks for both employees and contractors

It can handle payment by salary, hourly rate, commission, bonus, tips
It can handle differential pay rate for shift employees
It can support multiple company accounts with no extra charge.

Â

Halfpricesoft.com is now featuring a new bundle version for ezPaycheck 2014 and 2015 payroll software. We hope this bundle version will help businesses complete 2014 payroll tasks and get ready for year 2015. explains Dr. Ge, President and Founder of halfpricesoft.com

Â
