

[Atlas Copco Bolt Tightening Solutions opens a new regional office in Aberdeen](#)

Atlas Copco Bolt Tightening Solutions underlines its commitment to the energy sector by opening a new regional office in Aberdeen

Online PR News â€“ 20-October-2016â€“ Due to the increase in interest from the oil and gas industry in Scotland for the Tentec range of hydraulic bolt tensioners and torque wrenches, Atlas Copco Bolt Tightening Solutions announces the opening of a new office in Aberdeen.

Â

The new premises are based in Dyce and will initially be manned by Peter Matthews, the recently appointed Regional Sales Manager for Scotland. There will be a full stock of Atlas Copcos Tentec range of products available for hire including flange handling equipment and nut splitters as well the well-known Tentec range of hydraulic bolt tensioners and torque wrenches. As well as product hire, Pete will be available to provide local support and technical advice to customers within the region.

Â

The opening of the new office is a further commitment by Atlas Copco Bolt Tightening Solutions to this extremely important marketplace says Pete. We are committed to helping energy companies enhance their operations through the provision of reliable and accurate products as well as providing valuable engineering expertise and advice.
